WE ARE A SMALL COMMUNITY WITH A BIG HEART.

LET'S ALL DO OUR PART TO TAKE CARE OF ONE ANOTHER AND OUR PLANET.

SAVE THE EARTH

Mountain Village is committed to becoming a carbon-neutral community by 2050. You can help by reducing your carbon footprint, using reusable bags and water bottles and finding the appropriate recycle or compost bin. If we all do our part, we can make a big difference!

LEAVE NO TRACE

We are situated in a world of natural beauty and consider ourselves stewards of this amazing environment. You can help take care of our ecosystem by staying on designated trails, disposing of waste properly, respecting wildlife and being considerate of others while out exploring.

TAKE A FREE RIDE

Did you know that the gondola is the first and only free public transportation of its kind in the United States? In addition to soaking in the 360-degree views of the San Juan Mountains, every gondola ride reduces a car-trip between our two communities – it's a win-win!

FLIP THE SWITCH

Buildings represent our community's largest contributor to greenhouse gas emissions. You can conserve energy during your stay by turning off the lights and TV, and adjusting the thermostat when you leave for the day.

PICK UP THE POOP

Mountain Village provides dog waste bags at convenient locations throughout town. Not only is picking up your dog's poop the right thing to do, it's also the law! Fines range from \$50 - \$300, so please pick up after your pet.

SAVE H²O

Water is more precious than ever in the west, and living at the top of the watershed means we must be great stewards. You can conserve water during your stay by turning off the water when not in use, reducing laundering of sheets and towels, and taking efficient showers.

BE BEAR AWARE

It can be exhilarating to spot one of our ursine neighbors in the wild, but when bears visit town it can be problematic for humans and bears alike. Make sure to store trash, recycling, and compost in bear-proof containers, lock lower-level windows and doors, and clean barbecue grills after use.
