

Live Like A Local

**We are a small
community with
a big heart.**

Let's all do

**our part
to take care
of one another
and our planet.**

SAVE THE EARTH

The Town of Telluride has proudly adopted a prohibition and ban on the use of single-use plastics to reduce the release of greenhouse gas emissions, litter in the environment, harm to wildlife, and solid waste generation. We ask that you use reusable bags and water bottles, only request condiments, cutlery, and napkins when needed, and find the appropriate recycle or compost bin. If we all do our part, we can make a big difference!

*Sec 7-8-10; 7-7-30
Fines possible*

LEAVE NO TRACE

We are situated in a world of natural beauty and consider ourselves stewards of this amazing environment. You can help take care of our ecosystem by staying on designated trails, disposing of waste properly, respecting wildlife and being considerate of others while out exploring.

*Sec 10-4-100
Fines possible*

TAKE A FREE RIDE

Did you know that the gondola is the first and only free public transportation of its kind in the United States? In addition to soaking in the 360-degree views of the San Juan Mountains, every gondola ride reduces a car-trip between our two communities – it's a win-win!

If you decide to drive, please remember that idling for more than 30 seconds is illegal.

*Sec 8-2-20
Fines possible*

Live Like A Local

PICK UP THE POOP

Telluride provides dog waste bags at convenient locations throughout town. Not only is picking up your dog's poop the right thing to do, it's also the law! Fines start at \$250, so please pick up after your pet.

*Sec 7-6-350
Fines possible*

SAVE H²O

Water is more precious than ever in the west, and living at the top of the watershed means we must be great stewards. You can conserve water during your stay by turning off the water when not in use, reducing laundering of sheets and towels, and taking efficient showers.

FLIP THE SWITCH

Buildings represent our community's largest contributor to greenhouse gas emissions. You can conserve energy during your stay by turning off the lights and TV, and adjusting the thermostat when you leave for the day.

BE BEAR AWARE

It can be exhilarating to spot one of our furry neighbors in the wild, but when bears visit town it can be problematic for humans and bears alike. Make sure to store trash, recycling, and compost in bear-proof containers, lock lower-level windows and doors, and clean barbecue grills after use.

*Sec 7-5-120
Fines possible*

The Telluride area has a rich history of outlaws. Don't find yourself on the wrong side of the law like Butch Cassidy and heed all of the local laws and ordinances: Telluride Municipal Code Sec. 7-6-350, 8-2-20; Mountain Village Municipal Code 08-04 § 1, 07-11 § 3-5, 8.01.005 purpose, 2011-02 § 3C, 09-06 § 7
